DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Sunday, 28 February 2021 at 06:15 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution levels will be largely Low on Sunday, although there may be pockets of Moderate develop near emission sources in parts of northeast England.

Tomorrow: Air pollution levels remaining Low on Monday. Once again there is a chance of pockets of Moderate air pollution, these likely to be in eastern coastal parts where fog lingers.

Outlook: Air pollution levels largely Low from Tuesday until Thursday, but patches of Moderate air pollution possible across the UK as winds become southeasterly bringing pollution in from the continent.
